

## *Six Senses Fiji*

*Six Senses Fiji is found on one of the most dramatically beautiful isles in the 333-island nation with consistently warm tropical weather making the resort an ideal year-round destination. The 120-acre (48.5-hectare) site encompasses an expansive and beautiful bay surrounded by lush, native vegetation and highlighted by a spectacular white sandy beach for guests. Six Senses Fiji is anchored with two marinas. The resort and residences are ideal for ocean enthusiasts looking for their own tropical paradise but with all the comforts and amenities of home. ## SIX SENSES SPA

Six Senses Spa Fiji is featured within the resort's Wellness Village, where guests enjoy a layered approach to wellness. Treatments go beyond the ordinary, combining an intuitive mix of science and human awareness. The spa, which covers an area of 35,660 square feet (3,313 square meters), offers a high-tech and high-touch approach defining a service that is crafted around the individual. In addition to the treatment rooms it includes an innovative Alchemy Bar and a relaxation lounge with sauna, steam, cold plunge and hot plunge pool. Complimentary activities are offered seven days per week.

The spa features the multidimensional Six Senses Integrated Wellness program that starts with a wellness assessment which evaluates a number of different and important bio-markers. Created by the Six Senses Spa team along with respected medical doctors who form the Six Senses Wellness Board: Dr. Michael Breus for sleep, Dr. Steven Gundry for nutrition and Dr. Mehmet Oz for overall health; each guest's personalized program may include spa treatments, exercise, yoga, meditation, Eat With Six Senses or Sleep With Six Senses.
